

REMARKS

This is in response to the Office Action of July 26, 2004 concerning the above noted patent application which is to be converted to an SIR.

As requested in the Office Action of July 26, 2004, Applicant addresses the drawing objection directed at claim 4 by canceling claim 4 and corresponding claim 9. Applicant addresses the rejection under 35 U.S.C. § 112 by amending claim 1 to consistently recite "substance", claim 9 to consistently use the word "liquid" and to add dependency to claim 11.

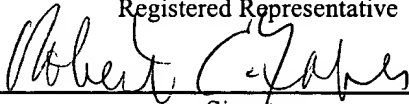

There is no response to the rejection under 25 U.S.C. § 102 as this is a request for a SIR.

As Applicant has now complied with the requirements in the Office Action of July 26, 2004 and the Office Action of September 25, 2001, grant of the SIR is requested finally.

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as First Class Mail in an envelope addressed to: Mail Stop Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on August 3, 2004:
